

# NUTRITION AND DIETETICS

→ LEVELS OF ACHIEVEMENT ■■■■■ 1 = BEGINNER ■■■■■ 2 = INTERMEDIATE ■■■■■ 3 = ADVANCED

→ CORE CREDITS 35 → MANDATORY PROGRAM CREDITS 150 → ELECTIVE CREDITS 15

COURSE NAME	CREDITS	COURSE TYPE	CORE COMPETENCIES										SPECIFIC COMPETENCIES										REQUIREMENTS					
			Written Communication	Oral Communication	Critical Thinking	Quantitative Reasoning	Information Literacy	Citizenship	Innovative Thinking	Clinical Practice - Nutritional Diagnosis	Clinical Practice - Promotion, Prevention and Treatment	Public Health Practice - Population/Diagnosis	Public Health Practice - Public Health Intervention	Basic Nutrition	Professionalism - Ethics and Legal Issues and Professional Responsibility	Professionalism - Anatomical, Growth and Development	Research/Nutrition											
			1	2	3	1	2	3	1	2	3	1	2	3	1	2	3	1	2	3	1	2		3				
<b>→ TERM 1 CRD 21</b>																												
Biological Processes 1	8	CORE			1																						Does not have requirements	
Communication	4	CORE	1																									Does not have requirements
Scientific Information Search and Management	1	CORE					1																					Does not have requirements
Personal Leadership	2	CORE		1							1																	Does not have requirements
Structure and Functions	4	PROGRAM				1																						Does not have requirements
Fundamentals of Nutrition	2	PROGRAM																					1	1	1			Does not have requirements
<b>→ TERM 2 CRD 20</b>																												
Scientific Reasoning	4	CORE				1	1																					Does not have requirements
Biological Processes 2	6	PROGRAM				1																				1		ME128 Biological Processes 1
Digestive System	4	PROGRAM																								1		ME129 Structure and Functions
Anthropology and Culture	2	PROGRAM																										HU344 Communication
Food and Nutrition Situation	2	PROGRAM																										Does not have requirements
Nutritional Practice 1	2	PROGRAM				1		1																				NU138 Fundamentals of Nutrition
<b>→ TERM 3 CRD 19</b>																												
Quantitative Reasoning	5	CORE																										Does not have requirements
Aggression and Defense	2	PROGRAM				1																						NU139 Biological Processes 2
Circulatory System	5	PROGRAM																										ME129 Structure and Functions
Endocrine and Reproductive System	5	PROGRAM																										ME129 Structure and Functions
Nutritional Practice 2	2	PROGRAM				1																						NU142 Nutritional Practice 1
<b>→ TERM 4 CRD 21</b>																												
Lifestyles, Environment and Health	4	CORE																										Does not have requirements
Food Biochemistry and Bromatology	4	PROGRAM																										ME142 Aggression and Defense
Hematopoietic System	3	PROGRAM																										ME129 Structure and Functions
Excretory System	4	PROGRAM																										ME129 Structure and Functions
Public Health	3	PROGRAM																										NU141 Food and Nutrition Situation
Diet and Gastronomic Techniques	3	PROGRAM	1																									NU143 Nutritional Practice 2
<b>→ TERM 5 CRD 20</b>																												
Human and Social Development	3	CORE				1																						Does not have requirements
Nutritional Drugs	2	PROGRAM																										NU144 Food Biochemistry and Bromatology
Clinical-Pathological Integration	5	PROGRAM				2																						ME144 Circulatory System, ME154 Digestive System, ME148 Endocrine and Reproductive System, ME150 Excretory System and ME153 Hematopoietic System
Food Technology and Biotechnology	3	PROGRAM																										NU144 Food Biochemistry and Bromatology
Dietetics and Diet Design	3	PROGRAM																										UNI46 Diet and Gastronomic Techniques
Maternal and Child Nutrition	4	PROGRAM																										NU143 Nutritional Practice 2
<b>→ TERM 6 CRD 21</b>																												
Molecular Nutrition	3	PROGRAM																										NU147 Nutritional Drugs
Social Marketing	4	PROGRAM				2																						NU140 Anthropology and Culture
Epidemiology	4	PROGRAM																										NU145 Public Health
Scientific Research Methodology	5	PROGRAM																										MAS11 Quantitative Reasoning
Food Safety and Quality	2	PROGRAM																										ME142 Aggression and Defense
Child and Adolescent Nutrition	3	PROGRAM																										NU149 Maternal and Child Nutrition
<b>→ TERM 7 CRD 21</b>																												
Ethics and Professionalism	4	CORE																										Does not have requirements
Nutritional Marketing	4	PROGRAM				2																						NU151 Social Marketing
Food Legislation	4	PROGRAM																										Does not have requirements
Thesis Project 1	3	PROGRAM	2																									NU173 Scientific Research Methodology
Adult Nutrition	3	PROGRAM																										NU172 Dietetics and Diet Design
Elective	3	ELECTIVE																										-
<b>→ TERM 8 CRD 19</b>																												
Food and Nutrition Education	5	PROGRAM																										NU156 Nutritional Marketing
Entrepreneurship	5	PROGRAM																										NU158 Food Legislation
Nutrition Management	2	PROGRAM																										NU158 Food Legislation
Integrating Seminar 1	1	PROGRAM																										NU148 Clinical-Pathological Integration
Nutrition and Physical Activity	3	PROGRAM																										NU172 Dietetics and Diet Design
Elective	3	ELECTIVE																										-
<b>→ TERM 9 CRD 20</b>																												
Thesis Project 2	3	PROGRAM	3																									NU88 Thesis Project 1, HU345 Ethics and Professionalism
Nutrition in Geriatrics	3	PROGRAM																										NU172 Dietetics and Diet Design, HU345 Ethics and Professionalism
Nutrition in Community	8	PROGRAM	3																									NU160 Food and Nutrition Education and NU151 Entrepreneurship, NU157 Nutrition Management, UNI162 Nutrition and Physical Activity, HU345 Ethics and Professionalism
Electives	3	ELECTIVE																										
Electives	3	ELECTIVE																										
<b>→ TERM 10 CRD 18</b>																												
Pediatrics Externship	3	PROGRAM																										NU166 Nutrition in Community, NU165 Nutrition in Geriatrics and NU164 Thesis Project 2, HU345 Ethics and Professionalism
Internal Medicine Externship	3	PROGRAM																										NU166 Nutrition in Community, NU165 Nutrition in Geriatrics and NU164 Thesis Project 2, HU345 Ethics and Professionalism
Surgery Externship	3	PROGRAM	3																									NU166 Nutrition in Community, NU165 Nutrition in Geriatrics and NU164 Thesis Project 2, HU345 Ethics and Professionalism
Outpatient Service Externship	3	PROGRAM	3																									NU166 Nutrition in Community, NU165 Nutrition in Geriatrics and NU164 Thesis Project 2, HU345 Ethics and Professionalism
Specialized Nutritional Support	3	PROGRAM																										NU163 Integrating Seminar 1, HU345 Ethics and Professionalism
Elective	3	ELECTIVE																										-
