Dear Rector Embrechts:

At their April 2020 meeting, the directors of the National Architectural Accrediting Board (NAAB) reviewed the Visiting Team Report (VTR) for Universidad Peruana de Ciencias Aplicadas.

On behalf of the Board, it gives me great pleasure to inform you that the **Bachelor of Architecture** degree program was granted initial candidacy. The next visit for continuation of candidacy is scheduled for 2021. The program must achieve initial accreditation by 2025.

Please be reminded that candidacy is predicated on the following requirement:

- Submission of Annual Statistical Reports. These reports capture statistical information on the institution and the program. The next statistical report is due on or before November 30, 2020.

Public dissemination of both the Architecture Program Report and the VTR is also required. These documents must be made public electronically in their entirety. Please see Condition II.4.4 of the *2014 Conditions for Accreditation* and Section 5 of the *2015 Procedures for Accreditation*. Please also note that beginning in 2022, all programs will be required to adhere to the *2020 Conditions and Procedures*.

On behalf of the NAAB and the visiting team, thank you for your support of accreditation in architecture education.

Very truly yours,

Barbara Sestak, FAIA
President
